PRODUCT LINES

Business Machines

Fellowes is the global leader in paper shredder design and manufacturing, providing the highest quality personal and office shredders on the market. That's why they are known as the "World's Toughest Shredders."™ The company is notable for inventing the personal shredder and introducing proprietary technologies. In addition to its line of paper shredders, Fellowes also offers a comprehensive range of award-winning binding and laminating machines and supplies and an extensive line of trimmers and guillotines.

Records Storage

Bankers Box records storage was Fellowes' first product line, introduced in the United States nine decades ago, and today Fellowes remains the dominant global market leader. The R-Kive brand in Europe provides unparalleled strength and durability to ensure trouble free storage. Businesses and households can look to the R-Kive range of records storage products for strength they can count on. The company also launched R-Kive Earth in 2009; the first officially approved line of products in the industry to carry the FSC 100% recycled mark.

Workspace Organisation & Maintenance

Making work more comfortable and organised is easy with Fellowes' line of workspace accessories designed to maximise space and productivity. Fellowes' offers a comprehensive selection of computer accessories and ergonomic supports designed to create a comfortable, productive and healthier workspace. From patented wrist supports like the V-channel™ to essential back and footrests, these accessories are designed to promote good posture and increased comfort.

Fellowes also offers three complete assortments of computer cleaning products and kits including the Protection line featuring Virashield™, which is designed to kill 99.9% of germs, viruses and bacteria and offering continuous protection for up to 7 days.
